THE SCHOLARSHIP FUND

BILL HARDISON was the stand-in for ailing Floyd McDaniel. Bill awarded \$48 to JEAN PATTERSON who held the lucky ticket. If you wonder how Jean reduces the odds in this endeavor, what about purchasing \$15 worth of tickets? No gripes, folks, this is the way to win! Congratulations, Jean and keep it up.

THE PROGRAM

PROGRAM CHAIRMAN HORACE CLARK introduced Eli Morris as the speaker for the day. With an interesting *Curriculum Vitae* which includes the University of Memphis, Memphis Theological Seminary and Fuller Theological Seminar in Pasadena, California, he is the Associate Pastor and Director of Urban Ministry at Hope Presbyterian Church in Cordova. He has been or is associated with the Memphis Leadership Foundation, Crichton College, Young Life Memphis and was associated with Fairley High School in 77-78. Other associations include Board of Directors of STREETS Ministeries, Memphis Inter-Faith Hospitality Network, Neighborhood Christian Center and the Young Life National Urban Primus Council of which he was a member from 1982-1989. A native Memphian, he is married to Patty Avery Morris and they have four children ranging in age from 20 down to 10.

While serving on the Board of St. Joseph Hospital in 1954, Eli entered Student Teaching programs at the University of Memphis and he asked to be placed in an Inner City Jr. High School. He was sent to Porter Junior High School which was a feeder school for Booker T. Washington High School. This is where he found his direction in life. Eli says that his love for Memphis and his Street Ministeries in the Inner City (Orange Mound) have become a big part of his life.

Eli gave an overview of what he is doing and what he hopes to achieve with his dedication toward the youth of the community. His remarks were interesting and conclusive that he is headed in his own pre-determined direction. We thank you, Horace, for this interesting and convincing speaker.

DON'T FORGET THE BLOOD DRIVE - this will only take a few minutes of your time and remember, "you could save a life."
